Ubud

The Ubud area is around 2-3 hundred meters above sea level and surrounded by rice fields, which makes it noticeably cooler than many other tourist destinations in Bali. Neighbouring villages are well known for unique bamboo crafts and furniture, wood and stone carving and many other crafts. Ubud is famous for its traditional dance performances, which are part of the culture and are arranged for tourists on a regular schedule. Hindu-Balinese ceremonies take place on most days, especially in the dry season

Ubud Village is located in the Gianyar Regency. The Village has been recognized for its world class and valuable paintings. Ubud is a popular tourism destination where you can experience Balinese life and also Hindu rituals.

Sanur - Ubud is approx 1 hour drive giving plenty of time to stop and see the local woodcarvers and traditional craftsmen at work

The Neka Art Museum was opened in 1982 and is named after a Balinese teacher Suteja Neka who collected paintings as a means of artistic documentation. Nowadays the museum has a great selection of works from many famous Balinese artists and expatriates who have lived here and influenced local artists

The Neka Art Museum, previously known as the Neka Museum, is unique because its collection of foreign artworks by Balinese, other Indonesian, and foreign artists all were inspired by the natural beauty, life, and culture of Bali. The high quality of the Neka Art Museum's collection serves as a source of inspiration, information, research, and education for many people in Indonesia and from abroad.
